<p>FOIL PRINT 箔印压膜针织面料 颜色鲜艳、耐用、有光泽、可定制</p> <p>设计时尚美观对比度 层次感强</p> <p>工艺精良的印刷平 面效果</p> <p>材质细腻手感柔 和耐穿</p> 	<p>Foil printing on knit fabrics is a process where designs are printed using metallic foil or other special materials on the fabric surface. This printing technique imparts a unique sheen and visual effect to the fabric, often used to enhance decorative and fashion elements in garments. Foil printing not only provides a shiny appearance in clothing design but also adds texture and modernity to the fabric, making it a popular element in fashion design.</p>
